EDUCATION

Bachelor in Science
Chatrapati Sahu ji Maharaj
University
June 2019 - July 2022

TECHNICAL SKILLS

JavaScript | MongoDB | CSS |
React | Git | HTML

SOFT SKILLS

Teamwork | Attention to Detail |
Time Management |
Effective Communication |
Problem Solving | Adaptability

INTERESTS

- Reading
- Traveling
- Fitness and Sports
- Learning New Technologies

CERTIFICATIONS

- CERTIFICATE OF APPRECIATION

Aishwary Tiwari

Full Stack Web Developer

PROFESSIONAL SUMMARY

Innovative Full Stack Web Developer skilled in JavaScript, React.js, Node.js, Express, and MongoDB. Demonstrates strong problem-solving and collaboration skills in agile settings. Proficient in leveraging Generative AI and swiftly learning new tech stacks to deliver robust web applications.

PROJECTS

1. URBAN COMPANY | |

JavaScript | Git | React | HTML | Node.js

- Developed a comprehensive clone of the Urban Company platform using React and JavaScript.
- Implemented secure user registration and login with email verification.
- Ensured seamless browsing of various service categories such as home cleaning and beauty services.

2. SKINSTORE | |

JavaScript | HTML | CSS

- Designed and developed dynamic product listings and detail pages using HTML, CSS, and JavaScript.
- Implemented a fully functional shopping cart and checkout system to facilitate secure transactions.
- Optimized the user interface for responsiveness and visual appeal, enhancing overall user experience.
- Showcased featured products, promotions, and new arrivals through a dynamic product slider and promotional banners.
- Enabled user account management functionality, allowing users to create accounts, log in, and manage their profiles.

3. PHARMEASY CLONE | |

HTML | CSS | JavaScript

- Designed and developed frontend components of the PharmEasy clone using HTML, CSS, and JavaScript to create a user-friendly interface.
- Implemented responsive design techniques to ensure the application is accessible and performs well on various devices.
- Created efficient server-side APIs using Node.js and Express.js to manage product data and user transactions.
- Conducted thorough testing and debugging to ensure reliability and stability of the application.
